

The City of Sandusky is an aggregator for residents and small commercial customers for the generation portion of their electric bills each month. Currently, FirstEnergy Solutions is the generation service provider.

As a member of this aggregation program, residents are guaranteed to save six percent (6%) off of their "Price to Compare" through April, 2022. Small commercial customers are guaranteed to save four percent (4%) off of their "Price to Compare".

To estimate your savings per kilowatt-hour (KWH) through this program, locate your Price to Compare on your electric bill. Divide your Price to Compare by 100, then multiply by these percentage discounts. The final number is how much you can expect to save each month you use the same amount of electricity.

If you have any questions, please call FirstEnergy Solutions at 1.866.636.3749, Monday through Friday, 8 a.m. - 5 p.m.
