Damage to Property : 2071

I spoke to Joseph Noser who advised his car involved in a hit-skip accident sometime in the past two days. Joseph said his wife has been complaining that her vehicle was making a strange noise. Joseph said he looked outside and found that the front bumper was damaged. He looked at the bumper and believed that someone with a tow hitch backed into the vehicle and fled. Joseph said he was not sure where this happened but wanted to document the damage. He was advised a report would be on file. Nothing further at this time.
